## A TRAIL OF BLOOD.

Murderous Exploits of the Notorious Tom Blancke.

### CONFESSION OF THE DEAD DESPERADO

A Crimson Trail from the Missouri to the Pacific—Jim Morrison's Record of Deavity and Daring in the State of Alabama.

What the Tragic Ending of Tom Blancke Brought to Light.

SEATTLE, Wash., March 23.—The tragic ending of Murderer Tom Blancke at the hands of the deputy sheriffs has brought to light the story of the confession made by Blancke to a companion in the King county jail named George Howe, and which in turn was told to Jailer Munroe. The confession of Blancke is corroborated by the latter, and by a telegram received from City Marshal Davis of Helena, Mont., where Blancke seems to have revealed in robbery and blood and left a trail behind him from the Missouri to the Pacific. According to the confession Blancke's name is Mike Morgan. He was a native of Schenectady, N. Y., where his mother still lives. The story of his crimes in Montana and elsewhere is told as follows: Blancke held up a bartender at the Atlantic beer hall, Helena, Mont., one morning about 2 o'clock in July last, and secured \$200. A few nights later he entered the barroom of a hotel at Broadwater, held up the bartender and six guests and got \$150.

September following he killed Steve Grosse, proprietor of a saloon in Meaderville, Mont. The same gang which Blancke was a member of also killed Station Agent Skinner at Bellemont, Mont., and Policeman Flynn at Helena. Blancke made good his escape and reached Butte early in September, where he killed Constable Jeffreys, and a few days later killed Bartender Bridwell, of this city.

**Bloody Record of the Notorious Jim Morrison.**

BIRMINGHAM, Ala., March 23.—Jim Morrison, the most notorious desperado Alabama has produced since the palmy days of Kube Burrows, was killed Thursday afternoon thirty miles from this city in the forks of the Little and Big Warrior rivers by Deputy Sheriff Henry Cole. Morrison has a record of devilry and daring covering several years; has been in the convict mines twice, the last time breaking out and getting away after being badly shot. A price has hung over his head for a long time, and several ineffectual and one fatal attempt was made to capture him. On this attempt, near Goethle, a posse headed by Deputy Sheriff Dexter, of Blocton, Bibb county, got Morrison and a pal named Davis in a close place and a desperate duel resulted. Dexter was killed and Davis wounded and captured. Davis was with Morrison in the mines and escaped with him.

For a long time Morrison had been living in disguise and under cover near the scene of his death, and Deputy Cole, learning the exact location, determined, if possible, to capture him. With the assistance of a Mr. Hubbard, Cole went to a place where it was known Morrison would come at night and waited in the woods for him. Morrison soon came along, and when thirty paces away was ordered by Cole to throw up his hands. Instead of doing this he took his Winchester from his shoulder, but landing quick enough, Cole firing and landing five bullets in his body and head from a double-barreled gun. Morrison lived but a short time. He was brought here yesterday and identified by two of his brothers, who are in jail under indictments, and two other brothers.

### STARTLING IMMORALITY

In a Colony of Italian Coke Burners in Pennsylvania Brought to Light.

DUNBAR, Pa., March 23.—A startling case of immorality was exposed here yesterday. Rosa Forari brought suit against Giuseppe Santo for assault and battery and desertion. Near Dunbar, at the ovens of the Anchor coke works, there are about seventy-five Italians employed. They live in three houses and there are only three women in the colony.

Rosa Forari first came to the colony with Antonio Sanetti. Sanetti sold the woman to another Italian. The woman was sold three times. Giuseppe Santo was the last purchaser. He gave three kegs of beer for Rosa. A fight followed the beer drinking and he threw the woman out of the house. She then entered suit as stated above. It is said sales have been made of the two women in the colony in like manner, and a full investigation into the immorality of the foreigners will be made.

Proof against all assault is the reputation of Dr. Price's Baking Powder. Its rivals are routed every time by its superior merits.

Hugo Oswald, a lad of Mason City, had his tongue cut while coaxing. A piece of the member was cut entirely off.

DR. PARKHURST has bought lesson tickets at a New York bicycle school.

SAM JONES, the famous revivalist, will visit Springfield this week.

A QUARANTINE has been established at Des Arc, Ark.

### SINGULAR AND FATAL

Was the Accident that Cost Mrs. Vaughan the Life of Her Darling.

VINETA, I. T., March 23.—Mrs. James Vaughan was sewing on her sewing machine yesterday afternoon when her needle snapped and a part of it stuck in the table. She pulled the piece out and put in a new needle and continued with her work. About ten minutes later she noticed that her 2-year-old daughter sat rather quiet on the floor and called to her, but receiving no answer she picked the child up and found to her horror that it was dead. A physician was called and found that the cause of the little one's death was a small part of the machine needle had struck the baby in the eye and penetrated the brain.

A good sum for a superior article is coal economy. That is why Dr. Price's Baking Powder is a good investment.

### Rough Usage at the Hands of a Robber.

DULUTH, Minn., March 23.—Daniel McDonald, a logger residing at Lester park, a suburb of Duluth, was held up, shot and robbed near his home by an unknown man early yesterday morning. He was driving along the road when the highwayman stopped him, and after showing him through a side door all his money, some \$10, and then made him drive him (the robber) a long distance down the road. The wounded man is doing nicely.

### Legislating to Save the Youth of the State.

LINCOLN, Neb., March 23.—The senate yesterday passed the anti-cigarette bill with an amendment forbidding cigarettes to be sold to any person under 21 years of age. The bill passed by the house absolutely forbade the sale of cigarettes. The amendment will probably be concurred in by the house.

### Refused to Honor Requisition Papers.

BOSTON, March 23.—Gov. Altgeld of Illinois has refused to honor requisition papers forwarded to that state for the return to Massachusetts of Nellie Wilson, alias White, alias Winters, alias Sheehan, who is under arrest in Chicago, and is wanted in Boston for the alleged theft of \$3,000 worth of diamonds.

### Breaks Through Her Ice Barrier.

ST. JOSEPH, Mich., March 23.—The steamer Petoskey, after being fast in the ice at this port for two months, succeeded in clearing for Milwaukee yesterday afternoon. She was the first boat to leave this port since the ill-fated Chicago started January 20.

### The Robinsons in Prison.

AUBURN, N. Y., March 23.—Clarence Robinson, the Buffalo murderer, arrived here yesterday afternoon to begin his life sentence in prison. He was met at the station by a tremendous crowd. His wife Sadie will arrive at the women's prison to-day.

### Failed to Reach a Conclusion.

WASHINGTON, March 23.—The Cheyenne and Arapahoe Indians, who have been here conferring with the authorities in relation to their reservation fund, have left for home. After several conferences no conclusion was reached.

### A City Without Governing Officers.

DULUTH, Minn., March 23.—The citizens of the newly-fledged city of Virginia are in trouble over the adjustment of the new government as they are left without any governing officers.

### The Duke of York Ill.

LONDON, March 23.—The duke of York has been confined to his room with a chill for three days. He is recovering.

### A KNIFE

In the hand of a Surgeon gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting.

### The Triumph of Conservative Surgery

It is well illustrated by the fact that RUPTURE or Hernia, is now radically cured without the knife and without pain. Chansy, clasping trusses can be thrown away! They never cure but often induce inflammation, strangulation and death. Ovarian, Fibroid (Uterine) and many others, are now removed without the peril of cutting operations. However large, Piles of the lower bowel, and other diseases of the bladder, no matter how large, are crushed, pulverized, washed out and perfectly removed without cutting. STRICTURE of Urinary Passage is also removed without cutting in hundreds of cases. For pamphlet, references and all particulars, send 10 cents (in stamps) to World's Dispensary Medical Association, No. 535 Main Street, Buffalo, N. Y.

### MOTHERS

and those soon to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its terrors, dangers and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundance of nourishment for the child.

Mrs. DORA A. GORMAN, of Oakley, Oregon Co., Tenn., writes: "When I began taking Dr. Pierce's Favorite Prescription, I was not able to stand on my feet without suffering almost death. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stronger now than I have been in six years. Your 'Favorite Prescription' is the best I have ever used, or at least it proved so with me. I never suffered so little with any of my children as I did with my last."

Population Given by the New City Directory for 1895.

The Books Will be Ready for Delivery Next Week—Get One Sure.

Charles O. Ubel & Co will commence the delivery of the new 1895 City Directory next week. Advance sheets have been received by the REPUBLICAN, from which we give a few interesting points. The introductory says:

Twelve years ago, 1883, we commenced the publication of the Decatur City Directory. With each issue we have aimed to keep pace with the rapid growth of the city and comparing the issue of 1883, when Decatur had a population of about 12,000, with this issue, with her population of over 25,000, show conclusively that we have succeeded.

Our aim for the Directory for this year (1895) has been to make it the handsomest and most complete work of the kind ever issued. It is not only intended as a useful work for our business men but also as an advertisement for Decatur, the Central City. A large number of extra copies have been printed and will be placed in all the leading hotels throughout this and adjoining states. It will be a great advertisement of this city as the list includes over one hundred cities in this state alone, and the hotels to be supplied in number from one to twelve copies in each city. We have also devoted a little space to write up the city, giving Decatur advantages, growth, etc., also showing its location and rail roads by a number of maps. All this has been done at our own expense, but the citizens of Decatur know a good thing when they see it, and will appreciate our efforts to advertise the Central City.

This issue of the Decatur City Directory contains 11,938 names, which if multiplied by only 3/4, to a name would make the population 25,800, or a gain of over ten thousand since the United States census of 1890, five years ago. Our citizens have been claiming only from 20,000 to 22,000 population, but the people are here and hundreds and thousands more are coming. By the census of 1900 Decatur will have a population of 40,000 inhabitants. As every one knows, the past two years has witnessed a general depression throughout the country, yet Decatur has increased her population over two thousand. The future of Decatur is bright. The year 95 will be a phenomenal one. Hundreds of buildings will be erected, costing from one thousand to one hundred thousand dollars. Decatur's advantages, railroads, the new buildings to be erected, etc., will be found more fully enumerated in the write up of the city. We wish to add a few words in regard to the directory in general. This is our seventh issue of the Decatur city directory and while each has been an improvement on its predecessor, this is the greatest of all. It is printed on fine book paper, indexed, handsomely cloth bound and gold embossed covers. We have also included a city map. This volume contains a vast amount of information. First comes the great write up of the city with its maps, etc., then the miscellaneous directory with its information in regard to city and county of sales, time of holding courts, matters of legal interest to public and private schools, churches, locations of pastor and other services, its great list of incorporated companies, giving names of officers, amount of capital, date of incorporation, etc., secret societies, miscellaneous societies, clubs, etc., labor organizations, etc. Then comes every alphabetical directory, in which is given the names, occupations, or business and residence of all persons over 18 years of age. The street number directory with its list of households of families, arranged by street and number, and designating owners and business houses. Then there is the business directory, where every class of business is classified under its proper head. All this makes nearly 650 pages of as complete a work as has ever been published. Nothing has been left undone to make it complete, we think we have succeeded.

It is predicted in the directory that in 1900 Decatur will have a population of 40,000.

**Legal Club Meeting**

Last night B. F. Walter was acquitted of the charge of manslaughter before the legal club at the court house. His trial was commenced last week and F. D. Bunn, the presiding judge, strained a few legal points for the sake of having the trial hold over and to give the boys a chance to air their knowledge of legal lore.

Attorney Latham for the defense appeared with more authorities than he could well carry. He changed his tactics and put up a plea of insanity. Drs. Housman and Huggins were introduced as expert witnesses. Latham spoke for forty minutes and States Attorney Geo. Harpette for the prosecution argued about twenty minutes. The judge decided that the prisoner was insane and acquitted him. The prosecution alleged that defendant threw the fatal rock with his right hand, but the defense proved that he was left handed, which was an other point in the prisoner's favor.

From far off Southern Africa come orders for Dr. Price's Cream Baking Powder.

**Monticello**

Col. E. T. Lee received a telegram from the managers of the Shiloh Route saying they had secured a large steamer which would accommodate over 200 people, in addition to the steamer Nisbet, which holds 150, so all can be accommodated who want to go.

The dedication of the new Castle Hall of Phoenix Lodge No. 204, K. of P., Monticello, was attended by a large number of visiting Sir Knights from Bement, Cisco and other lodges. Rev. Dr. Penhallegon, of Decatur, and others delivered addresses, and at the close a banquet was served.

Lectures will be given on the evenings of April 11 and 12 in the Congregational church by state speakers, among whom are Dr. Julia Holmes Smith, of the Woman's Club, of Chicago, Mrs. Emma Smith DeVoe, of the W. R. C., Hon. M. B. Cassell, Mrs. Catherine C. Waugh McCullough, Prof. Rene Michael Atchinson, Dr. Helen S. Dunn and Mrs. L. V. Eddy, of Kewanee. Several of the ministers of the city have offered to co-operate and to be of any assistance they can. The meeting will attract many speakers of state and national reputation, and in many respects it will be a notable convention.

**Reason Found in Rhyme**

Don't spoil your feet with cheap shoes. Cheap footwear like cheap lawyers gets mankind into lots of trouble. Wear good shoes (they are the cheapest) and save a doctor's bill. Let us reason together. You have read the following—it is true as gospel.

"Simple Simon went to see  
 If plums grew on a thistle.  
 He picked his fingers very much  
 Which in due time Simon wisthe.

May be you have tried the bargain plums for shoes. Got your fingers pricked, I'll bet. Six dollar shoes don't grow on \$1.79 bargain counters. Leather is just as good as it used to be, if you get the right kind. Poor leather is no better than paper. Lots of imitation leather made out of paper and refuse go to make shoes nowadays. Shoes made out of this prepared leather are dear at 50 cents per pair, while a good shoe is well worth \$4 to \$5 a pair. There is good leather and there are good shoes in Decatur to day. But you can't buy the good ones at the prices some bargain man quotes on the cheap ones. All shoes look nice when they are new. If you want the kind that wears right as long as there's a stitch left just drop in and see our shoes. I don't say you can't get good shoes elsewhere, but I do say you are taking big chances in passing a sure thing for an uncertainty. The wearer can't tell by the looks of a shoe how long it's going to last. You must trust the dealer. Select your dealer carefully—select one you can trust—try good footwear at what its worth.

**Seeing is Believing. Come and See for Yourself.**

A word of explanation: When on November last THE O. M. ANSTEAD DRY GOODS, CLOAK and MILLINERY HOUSE, 211 North Water St., Decatur, advertised to sell out their present stock on hand, it was done with a perfect knowledge of the fact that the new tariff reduction would affect many lines of merchandise in stock fully 40 per cent. Our sale was a success, reducing our stock over \$20,000, which, with the present purchasing power, with cash in hand, has enabled us to land in Decatur the past fifteen days one of the most complete stocks of Dry Goods, Carpets, Capes, Millinery, &c., ever opened to the buying public of this city. The qualities were never better, the assortment never larger, prices never so low. We are up to date in the magnitude of stock. We are up to date with the lowest prices ever made. Monday morning, March 18, we open out a special sale of new spring merchandise in each of our eighteen departments. Seeing is believing. Come and see for yourself.
